DESCRIPTION

With 170 Kg capacity, 1.1m lifting height, 360 degree rotating of supporting wheels, the Powered Mini-lift LFT170C1 can be operated easily. Bidirectional driven design, make the Mini-lift can lift up itself to a suitable height to finish the loading/unloading solution.

TECHNICAL DATA

Model: LFT170C1

net weight: 37kg

Capacity: 170kg

Battery capacity: 200-250times (1time: one rise and one fall)

Rising speed: 20~31s/time

Falling speed: 20~31s/time

Lift height: approx 1000mm

Battery type: lithium battery

Weight of Battery : 3.2kg

Charging Voltage: 100V-240V

Charging time: 3hours

Noise: < 70dB

Protection level: IP54

Overall Size: 1470mm*540mm*650mm

PRODUCT DETAILS

Control panel

Compact structure, light in weight, simple operation

Handle

Easy to move

Run button

Point touch operation button, easy to operate and ensure the safety

Wheel

Universal wheel design, suitable for 360 degree movement

Wire-controlled handle

remote control fast and convenient

Various accessories

Various accessories available for different work conditions

Position limited detection

When running downward, automatically stop if touch anything

APPLICATIONS
